

Medical certificate process

At Peoples Gas, we understand the many difficulties associated with a severe illness. When you are faced with a serious health issue, keeping your home safe and warm is important, even if you have difficulty paying your natural gas bill. To be sure that you can maintain service in the case of severe illness, providing a medical certificate can prevent the disconnection of service, for those who qualify.

A medical certificate should be submitted by one of the following certified licensed professionals, and then can be sent via fax or mail.

- Licensed physician (doctor)
- Local board of health
- Physician's assistant (PA)
- Specifically licensed nurse practitioners
 - Advanced registered nurse practitioner (ARNP)
 - Certified registered nurse practitioner (CRNP)
 - Licensed nurse practitioner (LNP)
 - Nurse practitioner certified (NPC)

Fax: 844-603-9181

Mail:

Attn: Contact Center
200 E. Randolph St.

Once we receive your medical certificate and determine you are eligible, we will halt disconnection. Or, if your gas has already been disconnected, turn on your service. Medical certificates are valid only for residential accounts.

1. Please have the certified party submit the medical certificate.
2. To help us authenticate the medical certificate, the submitted medical certificate must include:
